The project

The project for Preparedness for Oil-polluted Shoreline cleanup and Oiled Wildlife interventions (POSOW)

is a two year project co-financed by the European Commission under the Civil Protection Financial Instrument to improve preparedness and response in marine pollution in Mediterranean regions.

The project aims at establishing a **regional cooperation synergy** through the enhancement of knowledge and capacities of operators, professionals and volunteers in the field of marine pollution, in European coastal countries of the Mediterranean Sea namely Croatia, Cyprus, France, Greece, Italy, Malta, Slovenia and Spain.

It is implemented by **REMPEC** as coordinator (www.rempec.org), and its partners:

- ▶ **Cedre** (www.cedre.fr)
- ▶ **ISPRA** (www.isprambiente.gov.it/it)
- ▶ **Sea Alarm Foundation** (www.sea-alarm.org)
- ▶ and the **CPMR** (www.crpm.org).

The objectives

This project contributes to the harmonization of procedures and tools to respond to shoreline pollution following an accidental or operational spill on the shoreline.

Its main objective is to develop training for volunteers

4 themes are developed

Oiled Shoreline Cleanup

Oiled Shoreline Assessment

Oil Spill Volunteer Management

Oiled Wildlife Response

The deliverables

A training material package

PowerPoint presentations, instructor manuals and posters

Two train the trainer courses

aiming at providing trainers from the several regions of the beneficiary countries with the required knowledge to train volunteers

National volunteer training courses

in each beneficiary country

A volunteers database

in which the pool of trained volunteers will be registered.
